**Dr. David Demian** gave up his former medical career to fulfill the Lord's calling in 1985 and moved from Egypt to Canada in 1988. He is Director of Watchmen for the nations (founded by Pastor Bob Birch). Under this banner, the Lord has commissioned him with a vision to rally the church in Canada to be God's dwelling place so that Canada's destiny will be realised. Since 1995 he has been involved in a series of strategic meetings called The Gatherings. Their focus is to wait before the presence of the Lord for His agenda, to hear His heart and obey. Since then God has led David and Watchmen team on an amazing journey of healing and reconciliation in Canada and the nations of the world.
