# Moving On, Moving Up

Empowering  
Ordinary Women  
to be Extraordinary

Date:

September 19 – 20, 2014

Venue:

Main Auditorium,  
Bible College of Malaysia,  
Petaling Jaya

Brought to you by  
NECF Women  
Commission

In line with our Government's aspirations to increase women's participation in decision making roles to 30%, we would like to see Christian women rising up to support this target especially in church governance and in the marketplace. Women's role in various domains is increasing, and we need to be aligned with current trends so that we can fulfill God's divine purpose for women in Malaysia. The NECF Women Commission is honoured to organize this conference as a springboard, for women to discover their God-destined roles and to rise up to fulfill their calling.

**Rev. Dr Naomi Dowdy**  
Conference speaker

**Rev. Dr Naomi Dowdy** is a pioneer. More than forty years ago, she made the shift from being a business woman in California to become a young missionary to the Marshall Islands. En route to her next assignment, she stopped over in Singapore, where she was approached to pastor a church. She heard the audible voice of God to take on the assignment, to move from the role of an evangelist to that of an interim pastor. After almost 30 years, Trinity Christian Centre in Singapore has grown into a church of global impact. Today, Dr Dowdy mentors church leaders and leaders in the marketplace. Her apostolic vision has an immense impact on all who hear her speak or read her books. The title of her book, *Moving On and Moving Up*, has been chosen as the conference theme.

## Workshop Speakers

**Helen Read**  
"Being A Woman Of Influence In The Marketplace"

**Helen Read** is the founder and Managing Director of MS. READ, the pioneering fashion brand for fuller figured, curvy women sizes 12 to 24. With qualifications in Hotel Management, she started out as a partner in a friend's manufacturing business. In 1997, Helen was presented with an opportunity to start her own label. 17 years of manufacturing experience gave her the expertise and confidence to launch MS. READ, a brand that fulfills the niche of plus size clothing for women. Inspired by her love of travel, and all things beautiful for the home, Helen is also a partner of Sundays, a shop in Bangsar Village that carries vintage-modern furniture, gifts and beautiful household items sourced from all around the world. Helen was nominated for the Ernst & Young Woman Entrepreneur of the Year award in 2002. She was also first runner-up for the National Women Entrepreneur 2009.

**Pr Dr Lew Lee Choo**

## Workshop Speakers

**Yeo Bee Yin**  
"Discovering Your Destiny"

**Yeo Bee Yin** studied Chemical Engineering in Universiti Teknologi Petronas under a Petronas Scholarship and was the top graduate of her year. She subsequently obtained her MPhil in Advanced Chemical Engineering in Cambridge University under the prestigious Bill & Melinda Gates Foundation Scholarship. After meeting so many young and bright Malaysians who left home for better opportunities abroad, Bee Yin realized that the nation could end up in jeopardy if this unhealthy trend continued. Hence she joined the political party, DAP, to make a change. Since joining DAP, she has lent her expertise in social media to help DAP reach out to the younger generation. Bee Yin also has a strong interest in environmental, sustainability and energy policy, and believes that this has been an area generally neglected by politicians. She takes part actively in policy-making so that we can have a greener Malaysia, as we move forward in global economic development.

**Priscilla Khor**  
"Being Young And Different"

**Priscilla Khor** is a 25 year old working adult who majored in International Business from Taylor's University. However, in a twist of events, she now works in the political line as one of the special assistants of the Selangor State Speaker. Through depression, several failures and disappointments, she has seen God work His perfect purposes within her life in His sometimes, incomprehensible ways. Her greatest interest has always been the ministry of seeing people come close to God and knowing Him in an intimate way. She hopes to continue inspiring young people to pursue and love Him wholeheartedly as she does so herself.
